#### **About us!**

Phil West Cricket was started by Phil West in 2014 and despite the challenges of the covid pandemic, 2023 saw our biggest year of growth, resulting in us now working with more cricket clubs, schools and other sporting opportunities. While we mainly coach cricket, we offer a range of sports to schools and have recently agreed to become part of a trial for an exciting new initiative in the children's cycling world.

We are a team of 7 - Phil and 6 part time coaches, as well as several volunteers who work regularly. However, we are now ready to take on our first ever permanent staff member, due to the success of this year.

We pride ourselves on being an inclusive coaching company where we put every child first and make their enjoyment of the session our main priority. Training can be provided if necessary and opportunities to be involved with management will be there from the start for the right candidate.

#### **About you!**

We are looking for a positive, enthusiastic coach with experience of working with primary school children. Ideally we are looking for a qualified cricket coach but training can be provided if necessary. Candidate must have a DBS and a car with a drivers license to travel to sessions.

Ideally due to the high quality of the service we offer, we are looking for a candidate with 2+ years of coaching experience. As well as being a coach, we are looking for a confident individual with excellent people skills.

The sky is the limit with this role and our Managing Director, Phil, believes that there is no ceiling to what you can earn and achieve in sport. This role is a long-term project.

- Competitive salary with opportunities to earn overtime for weekends, evening and school holiday work
